This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produce a complaint management SOP for a security/FM operation — logging, acknowledgement, resolution timelines, escalation, and root-cause/prevention — so client complaints are resolved fast and repeat issues stop. Describe your context below.

Purpose of this tool & output

Resolve complaints before they escalate

How the output is used

Use it to resolve complaints before they escalate — a complaint management SOP across logging, resolution and closure.

Important cautions
