

Guard Deployment Plan

Security & Facility Management

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a manpower deployment plan for a security site — posts and coverage, shift pattern and reliever factor, headcount and supervision — so the site is properly and economically manned. Describe the site below.

Purpose of this tool & output

Right guards, right posts, right shifts

How the output is used

Use it to put the right guards on the right posts and shifts — a guard deployment plan that meets the contract and relief needs.

Important cautions

AI-generated plan; confirm coverage needs and reliever factor with the client and wage rules.
