

Fire & First-Aid Training Module

Security & Facility Management

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Generate a fire-safety and first-aid training module for security/FM staff — fire types and extinguisher use, evacuation, and basic first-aid (bleeding, burns, CPR awareness, medical emergency) — with drills and assessment. Describe your context below.

Purpose of this tool & output

Life-safety basics every guard needs

How the output is used

Use it for life-safety basics every guard needs — a fire and first-aid training module across prevention, response and evacuation.

Important cautions

AI-generated module; hands-on fire/first-aid training should be delivered by qualified trainers; guards are first responders not medical professionals.

Companion documents
