

Security Manpower Cost Sheet

Security & Facility Management

Document type: Financial model / analysis · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Build a manpower cost sheet for a security/FM deployment — wages, statutory (PF/ESI/bonus/leave/gratuity), reliever, uniform/kit, supervision and overhead — to the true monthly cost per manpower category. Enter the inputs below.

Purpose of this tool & output

True cost of deploying a guard

How the output is used

Use it for the true cost of deploying a guard — a manpower cost sheet across wage, statutory, reliever and overhead.

Who should vet it

Your CA or finance lead, to confirm the wage, PF/ESI and statutory load in the cost sheet.

Important cautions

AI-generated cost sheet; use your state minimum wage and current statutory rates.
