This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Generate a uniform and kit issue policy for security/FM staff — the standard uniform and equipment set by role, issue and replacement, care and return, and cost handling — for a professional, controlled kit system. Describe the context below.

Purpose of this tool & output

Standardise uniform and equipment issue

How the output is used

Use it to standardise uniform and equipment issue — a uniform and kit policy covering issue, upkeep, return and recovery.

Who receives it

The policy applies to all deployed staff and is acknowledged on issue of uniform and kit.

Important cautions

AI-generated policy; ensure any recovery/deduction complies with wage-payment rules.
