This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a booking-system plan for a sports facility — slot structure and dynamic pricing (peak/off-peak), online booking and payments, cancellation/no-show, and utilisation optimisation — to maximise bookings and revenue. Describe your facility below.

Purpose of this tool & output

Fill slots and end double-bookings

How the output is used

Use it to fill slots and end double-bookings — a facility booking system across slots, payments and confirmations.

Important cautions

AI-generated plan; peak-hour and off-peak filling drives facility revenue.
