Sports, Fitness & Recreation

Document type: Financial model / analysis · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a feasibility study for a sports move — a new academy, turf/facility or expansion — covering demand, utilisation and economics, competition, break-even and risks. Describe the opportunity below.

Purpose of this tool & output

Test an academy, facility or expansion

How the output is used

Use it to test an academy, facility or expansion — the demand, utilisation, pricing and cost economics before you commit.

Who should vet it

An experienced sports-business operator and a CA, to sanity-check the demand, utilisation and cost assumptions before you invest.

Important cautions

AI-generated study; facility utilisation (esp. peak hours) drives viability - validate local demand before investing.
