This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Get a guide to insuring a sports academy/facility/event — the covers to consider (public/participant liability, accident cover for players, property/equipment, event cover), what each protects, and sizing — to manage the real injury and liability risks. Describe your operation below.

Purpose of this tool & output

Cover the risks of a sports operation

How the output is used

Use it to cover the risks of a sports operation — a sports business insurance guide across public liability, accident and asset cover.

Important cautions

AI-generated guide; injury and liability risk in sport is real - confirm exact cover and exclusions with an insurer/broker.
