

Sports Business P&L

Sports, Fitness & Recreation

Document type: Financial model / analysis · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Build a profit-and-loss view for a sports business — revenue by stream (coaching, rental, membership, events, retail), coach and operating cost, overheads and profit, with margins — to understand and improve profitability. Enter your figures below.

Purpose of this tool & output

Understand where you make money

How the output is used

Use it to understand where you make money — a sports business P&L across coaching, facility, retail and overhead.

Who should vet it

Your CA or finance lead, to confirm the revenue and cost split against your actual books.

Important cautions

AI-generated analysis; validate with your accounts - lease and utilisation drive sports-facility profit.
