

Worker Skilling & Certification

Staffing & Recruitment

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a worker skilling and certification plan — role skills, short training, certification and links to government skilling schemes — that lifts quality and placement. Use it to upskill frontline workers. For onboarding use the Worker Onboarding & App Engagement tool.

Purpose of this tool & output

Skill workers and tap skilling schemes

How the output is used

Use it to skill workers and tap skilling schemes — a worker skilling and certification guide across skills, assessment and schemes.

Important cautions

Job-linked skilling improves quality, retention and client satisfaction, and government skilling and apprenticeship schemes may offer funding or recognition — verify current scheme eligibility and rules. Certification must reflect real competence. Confirm apprenticeship obligations if you engage apprentices.
