Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Design an incentive structure for field technicians and installers — rewards for installs, first-time-right and low repeat visits, upsell and customer rating — that motivates the right behaviour without encouraging shortcuts. Fill in your inputs below.

Purpose of this tool & output

Reward speed, quality and first-time-right

How the output is used

Use it to design a field-staff incentive structure that rewards speed, quality and first-time-right without gaming.
