

# IP-I Registration Guide

Telecom, ISP & Cable

Document type: Licence / statutory filing · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Get a guide to registering as an Infrastructure Provider Category-I (IP-I) with DoT — what IP-I permits (passive infrastructure: towers, dark fibre, ducts, right of way), registration steps, and the commercial model for leasing to licensed operators. Fill in your context below.

## Purpose of this tool & output

Register as an Infrastructure Provider Category-I

## How the output is used

Use it to register as an Infrastructure Provider Category-I (IP-I) so you can own and lease dark fibre, ducts and towers.

## Who receives it

The Department of Telecommunications (DoT).

## How to submit / file it

Apply on the Saral Sanchar portal with company incorporation documents and the prescribed particulars to register as an Infrastructure Provider Category-I (IP-I).

## Fees & charges

A nominal DoT registration fee for IP-I.

## Who should vet it

A telecom licensing consultant or a company secretary.

## Important cautions

AI-generated guide; confirm current IP-I norms with DoT.

## Companion documents

- Tower Site Lease Agreement
- Tower Rollout Plan
- OFC Laying Project Plan
- In-Building Solution (IBS) Plan
- Passive Infrastructure Sharing Agreement
- SACFA / WPC Clearance Guide

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
