

CAD & Digitisation Guide

Textiles, Apparel & Fashion

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Adopt CAD for pattern making, grading and markers — the uses, the benefits (speed, accuracy, fabric saving) and a selection and rollout plan (software options, training, migration). Fill in your details below.

Purpose of this tool & output

Use CAD for patterns, markers and grading

How the output is used

Use the guide to use CAD for patterns, markers and grading, cutting time and fabric waste.

Important cautions

AI-generated guide; compare current CAD tools for your needs.
