

GOTS / Organic Certification Guide

Textiles, Apparel & Fashion

Document type: Licence / statutory filing · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Certify organic textiles for premium buyers — the GOTS basics (scope, organic fibre content, chemical and social criteria), the process (application, certification body, inspection, scope and transaction certificates) and supply-chain traceability from farm to product. Fill in your details below.

Purpose of this tool & output

Certify organic textiles for premium buyers

How the output is used

Use the guide to certify organic textiles under GOTS for premium buyers, across the processing chain.

Who receives it

An accredited GOTS certification body (approved certifier).

How to submit / file it

Apply to an accredited certifier; the organic supply chain and processing are inspected and audited before certification.

Fees & charges

Certification, inspection and annual fees charged by the certification body.

Who should vet it

A GOTS/organic-textile consultant, for the chain-of-custody and processing standards.

Important cautions

AI-generated guide; work with an approved GOTS certification body.
