

Consignment Note / LR (Bilty) Builder

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a consignment note / lorry receipt (LR/bilty) with all required particulars — consignor/consignee, goods, freight terms (paid/to-pay), value, e-way bill reference and carrier liability clause — so your documentation is compliant. Use it per dispatch. For the tax angle use the Transport GST & GTA Advisor.

Purpose of this tool & output

Generate a compliant lorry receipt / consignment note

How the output is used

Use it to generate a compliant lorry receipt or consignment note — a consignment note (LR/bilty) builder that carries the required particulars.

Important cautions

Ensure e-way bill and GST particulars are correct; keep copies with the vehicle.
