

Driver Safety & Conduct Policy

Transport & Fleet

Document type: Policy · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Writes a driver safety and conduct policy — speed and seatbelt, alcohol/drugs, mobile use, fatigue and hours, load rules, documentation, behaviour and consequences — so expectations and discipline are clear. Use it as the rulebook. For the fleet-wide plan use the Fleet Safety Policy.

Purpose of this tool & output

The rules every driver must follow

How the output is used

Use it to set the rules every driver must follow — a driver safety and conduct policy across speed, rest, phone use and drink-driving.

Who receives it

The policy applies to all drivers and is acknowledged by them; a copy is kept on record.

Important cautions

Keep discipline lawful and consistent; safety rules protect lives, not just the vehicle.
