

Hazardous Goods Transport Compliance

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Explains compliance for transporting hazardous/dangerous goods — vehicle and tank requirements, driver training and licence endorsement, labelling/placarding, TREM cards, emergency plan, and the CMV Rules/PESO framework — so hazmat movement is legal and safe. Use it for fuel/chemical/gas transport. For emergencies use the Emergency & Crisis Response Plan.

Purpose of this tool & output

Move dangerous goods legally and safely

How the output is used

Use it to move dangerous goods legally and safely — a hazardous goods transport compliance guide across licence, driver training, placard and TREM card.

Important cautions

Hazmat rules are strict and safety-critical; follow CMV hazardous-goods rules and PESO, and train drivers formally.
