

Insurance Claim File Builder

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a complete motor insurance claim file — intimation, documents, damage details, repair estimate, surveyor coordination and a covering summary — so your own-damage/accident claim is not rejected on paperwork. Use it after an accident. For third-party/injury claims use the Third-Party Claim & MACT Guide.

Purpose of this tool & output

Assemble a strong own-damage / accident claim

How the output is used

Use it to assemble a strong own-damage or accident claim — an insurance claim file builder that gathers the documents and evidence insurers need.

Important cautions

Intimate within policy time limits; follow the insurer surveyor process to avoid rejection.
