

# Preventive Maintenance Schedule

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 15 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Builds a preventive maintenance schedule for your fleet — service intervals by kilometre and time, checks per interval, consumables and estimated cost — so vehicles are serviced before they fail. Use it to reduce breakdowns. For roadside failures use the Breakdown & Roadside Assistance SOP.

## Purpose of this tool & output

Service plan by km and time to cut breakdowns

## How the output is used

Use it to cut breakdowns with a service plan by km and time — a preventive maintenance schedule that keeps vehicles road-ready.

## Important cautions

Follow manufacturer service norms; adjust intervals for load and terrain.
