

# Trip Sheet & Daily Log Designer

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

## Background

Designs a trip sheet and daily log — trip details, km, fuel, tolls, cash given/spent, POD and driver sign-off — so every trip is accounted for control, settlement and billing. Use it to build daily records. For vehicle history use the Vehicle Maintenance Log Designer.

## Purpose of this tool & output

Capture every trip cleanly for control and billing

## How the output is used

Use it to capture every trip cleanly for control and billing — a trip sheet and daily log designer that ties trips to cost and revenue.

## Important cautions

A disciplined trip sheet is your source of truth for cost, billing and driver accounts.
