

Vehicle Document & Renewal Tracker

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs a per-vehicle document and renewal tracker — RC, permit, fitness, road tax, insurance, PUC, national-permit authorization — with expiry dates and alerts, so a vehicle never runs with a lapsed document. Use it for fleet papers. For drivers use the Driver Document & Licence Tracker.

Purpose of this tool & output

No vehicle should run on an expired paper

How the output is used

Use it so no vehicle runs on an expired paper — a vehicle document and renewal tracker across RC, permit, fitness, insurance and PUC.

Important cautions

Running on an expired fitness/permit/insurance is a serious offence and voids insurance; keep this current.
