

Vehicle Maintenance Log Designer

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs a per-vehicle maintenance and cost log (history card) — what to record each service, running costs, tyres, documents and downtime — so you know each vehicle true cost and when to retire it. Use it to build records. For analysis use the Maintenance Cost Analysis.

Purpose of this tool & output

Design a per-vehicle history and cost log

How the output is used

Use it to design a per-vehicle history and cost log — a vehicle maintenance log designer that shows each vehicle true cost.

Important cautions

Keep entries current; the log is only as good as the discipline behind it.

Companion documents

- Preventive Maintenance Schedule
- In-House Workshop Setup Guide
- Breakdown & Roadside Assistance SOP
- Tyre Management & Costing Plan
- Workshop / AMC Vendor Agreement
- Spare Parts Inventory Plan
