Transport & Fleet

Document type: Contract / agreement · Generated 28 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Drafts a vehicle sale/purchase agreement with each term as its own input — parties, vehicle and registration details, price, payment, handover, RC-transfer responsibility and as-is condition — so ownership transfer is clean. Use it for buying or selling a vehicle. For a rental use the Vehicle Rental / Lease Agreement.

Purpose of this tool & output

Draft a vehicle sale agreement with discrete terms

How the output is used

Use the draft for a vehicle sale agreement — price, condition, transfer, hypothecation and liability with discrete terms — reviewed by a lawyer.

Who receives it

The agreement is between the seller and the buyer; each keeps a signed copy and the RC transfer is filed with the RTO.

Fees & charges

Stamp duty per your state stamp act where applicable, plus RTO transfer fees; the price, condition and transfer terms are the key content.

Who should vet it

A lawyer, to check the transfer, hypothecation-clearance and liability clauses and the RTO transfer before signing.

Important cautions

AI-generated draft; complete RTO transfer (Forms 29/30) promptly and have a lawyer review.
