Workforce & Manpower Plan

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 16 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Builds a workforce/manpower plan for a transport business — drivers, cleaners, mechanics, dispatch, accounts and supervisors matched to fleet size and shifts — with ratios and a hiring sequence. Use it to plan staffing. For the org design use the Transport Org Structure Planner.

Purpose of this tool & output

Right people for the fleet, without overstaffing

How the output is used

Use it to get the right people for the fleet without overstaffing — a workforce and manpower plan across drivers, workshop and support roles.

Important cautions

Include relief drivers so leave/absence does not idle vehicles; adjust to your operation.
