

In-House Workshop Setup Guide

Transport & Fleet

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Plans an in-house fleet workshop — space, pit/lift, tools, spares, staff and whether it is worth it vs outside garages — so a growing fleet controls uptime and cost. Use it when outside garages slow you down. For the AMC route use the Workshop / AMC Vendor Agreement.

Purpose of this tool & output

Set up your own maintenance workshop

How the output is used

Use it to set up your own maintenance workshop — an in-house workshop setup guide across layout, tools and staffing.

Important cautions

Illustrative; size the workshop to real breakdown volume and fleet growth.

Companion documents

- Preventive Maintenance Schedule
- Breakdown & Roadside Assistance SOP
- Tyre Management & Costing Plan
- Workshop / AMC Vendor Agreement
- Spare Parts Inventory Plan
- Vehicle Maintenance Log Designer
