Travel & Tourism

Document type: Plan / SOP / strategy / guide · Generated 27 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Plans the travel and hospitality logistics for a destination wedding — venue-area stays, guest group travel and transfers, room blocks and rooming, hospitality desk and events logistics — so the couple and hundreds of guests are moved and hosted smoothly. Use it for destination-wedding enquiries. For large groups use the Large Group Logistics & Movement Plan.

Purpose of this tool & output

Handle guest travel and logistics for weddings

How the output is used

Use it to handle guest travel and logistics for weddings — a destination wedding travel planning approach across guest movement, stay and coordination.

Important cautions

Coordinate closely with the wedding planner; block rooms and transport early — destination-wedding inventory sells out fast.
