This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Designs an outbound international package for Indian travellers — itinerary, stays and transfers, visa and insurance, air and forex, and the India-traveller experience touches — so you offer a complete, worry-free international holiday. Use it for outbound products. For the cost use the Tour Package Costing Sheet.

Purpose of this tool & output

Design international holiday packages that sell

How the output is used

Use it to design international holiday packages that sell — an outbound package planner across destination, airfare, stay and experiences.

Important cautions

Confirm visa rules, rates and availability; first-time travellers need extra hand-holding and clear expectations.
