

Practitioner Qualification & Registration

Beauty, Wellness & Fitness

Document type: Licence / statutory filing · Generated 13 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Check that the right people perform the right procedures — which procedures need qualified medical or registered practitioners, the registrations required for clinical work, the beauty-versus-medical scope boundary, and the risk of unqualified clinical practice. Fill in your details below.

Purpose of this tool & output

Ensure practitioners are properly qualified

How the output is used

Use the guide to ensure practitioners are properly qualified and registered for the treatments they perform.

Who receives it

The relevant professional council/board (e.g. medical/dental/AYUSH/paramedical registration for clinical treatments).

How to submit / file it

Verify each practitioner holds the required qualification and current registration for the procedures offered; keep records.

Fees & charges

Registration/renewal fees are borne by the individual practitioner per their council.

Who should vet it

A healthcare-compliance advisor, for which procedures need a registered medical practitioner.

Important cautions

AI-generated guidance; clinical and medical aesthetic procedures require appropriately qualified and registered practitioners; confirm with professional and legal advice.
