

Water Purifier Sales & Service Business

Water, RO & Sanitation

Document type: Plan / SOP / strategy / guide · Generated 29 Aug 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Produces a plan for a water-purifier sales, installation and AMC (service) business — product mix, sales, service network, spares and recurring revenue. Use it to build a purifier dealership and service business.

Purpose of this tool & output

Build a purifier sales and AMC business

How the output is used

Use it to build a purifier sales and AMC business — a water purifier sales and service business guide across sourcing, sales and recurring AMC.

Important cautions

Purifier businesses live on AMC and consumables recurring revenue and service reliability, not one-time sales; a weak service network loses customers. Validate service capacity and consumable margins before scaling.
