

Water Business Licence Roadmap

Water, RO & Sanitation

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Maps every licence, registration and clearance a water business needs — by model and state — with authority, sequence and rough timelines. Use it so nothing is missed.

Purpose of this tool & output

All licences for your water business

How the output is used

Use it as your master checklist of every licence a water business needs — BIS, FSSAI, CGWA, SPCB, GST and more, in order.

Important cautions

Requirements vary by model, source and state and change; packaged water in particular needs mandatory BIS certification and FSSAI. Confirm the current list with BIS, FSSAI, the CGWA and the state authorities before you rely on this.

Companion documents

- BIS ISI Certification Guide
- Water FSSAI Licence Guide
- Groundwater (CGWA) NOC Guide
- Pollution Consent & Reject Water Guide
- Legal Metrology & Packaging Guide
- Plastic Waste & EPR Compliance Guide

This is AI-assisted guidance. Verify with a qualified professional before any binding decision. Fees, authorities and processes vary by state and change over time — confirm with your state authority.
