

Sanitation PPP / Contract Guide

Water, RO & Sanitation

Document type: Plan / SOP / strategy / guide · Generated 14 Oct 2026

This guide explains what the tool produces, how to use the output, and what to watch for. The actual output (draft/report) is generated on the tool page.

Background

Explains PPP and service-contract models for sanitation — toilet O&M, desludging and FSM — roles, revenue, performance and risks, to bid for or structure a municipal sanitation contract. Use it to pursue sanitation contracts.

Purpose of this tool & output

Structure a sanitation PPP or contract

How the output is used

Use it to structure a sanitation PPP or contract — a sanitation PPP and contract guide across scope, obligations and payment.

Important cautions

Sanitation contracts vary by municipality and mission and viability depends on realistic funding and scope; underfunded contracts fail. Have the contract legally reviewed and ensure a sustainable revenue and O&M structure before bidding.
